3. What is the importance of the meta tag?
4. What would happen if you clicked on a link created using `?`
5. What is iframe?
6. What is CSS?
7. How do you import CSS?
8. What are the different types of CSS selectors?
9. What are the different types of attribute selectors?
10. What is a pseudo-class?
11. What is a pseudo-element?
12. What are two ways that we can make an element invisible? What is the difference?
13. What is SVG and why do we use it?

Coding Questions:

Use HTML and CSS to solve the following problems. You are highly encouraged to present more than one way to answer the questions. Please follow best practices when you write the code so that it would be easily readable, maintainable, and efficient. Clearly state your assumptions if you have any. You may discuss with others on the questions, but please write your own code.

1. Implement the following table. (Hint: colspan & rowspan)

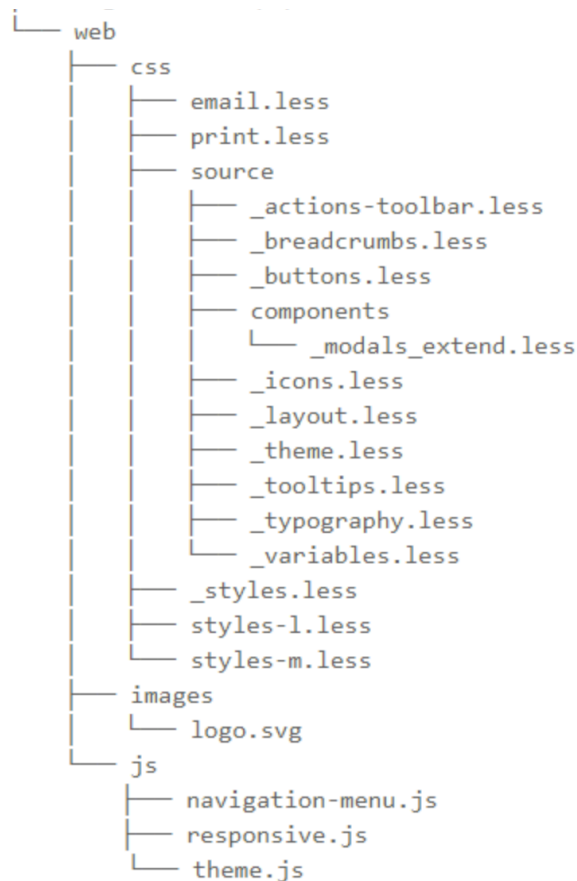

My Schedule					
	Monday	Tuesday	Wednesday	Thursday	Friday
Breakfast	In lair	with cronies	In lair	in lair	in lair
Morning	Design traps		Improve Hideout		
Afternoon	train minions	train minions	train minions	train minions	world domination
Evening	manaical laughter	manaical laughter	manaical laughter	manaical laughter	

2. Implement the following list. (Hint: pseudo classes & pseudo elements)
 - When an odd item (I,III, A,C, etc.) is hovered over, its background color should turn yellow.
 - When an even item (II,IV, B,D, etc.) is hovered over, its first character should turn red and increase in font size to 35px.

I. Background Skills	
A. Unix Commands	
B. Vim Text Editor	
II. HTML	
A. Minimal Page	
B. Headings	
C. Tags	
D. Lists	
i. Unordered	
ii. Ordered	
iii. Definition	
iv. Nested	
E. Links	
i. Absolute	
ii. Relative	
F. Images	
III. CSS	
A. Anatomy	
B. Basic Selectors	
i. Element	
ii. Class	
iii. ID	
iv. Group	
C. The DOM	
D. Advanced Selectors	
E. Box Model	
IV. Programming	
A. Python	
B. JavaScript	
V. Database	
A. Flat File	
B. Relational

3. Given the following directory structure and sample UI, create a simple file manager or file browser for navigating this directory. No JS is needed.
 - When the user clicks on a folder (web, css, images...), it will redirect you to a page that displays all of the folder's subfolders & files. Each of these are hyperlinks that redirect to their own HTML pages.
 - When the user clicks on a file, nothing happens.
 - Size can be any file size.
 - Date Modified can be any timestamp.
 - Icons do not need to be exactly as shown below.

1. When you first load the page.

Name	Size	Date Modified
web/		5/19/05, 7:00:00 PM

2. When you click web, it redirects you to this new page.

Name	Size	Date Modified
css/		5/19/05, 7:00:00 PM
images/		5/19/05, 7:00:00 PM
js/		5/19/05, 7:00:00 PM

3. Click css to redirect you to the new page.

Name	Size	Date Modified
source/		5/19/05, 7:00:00 PM
email.less	68 B	5/19/05, 7:00:00 PM
print.less	68 B	5/19/05, 7:00:00 PM
_styles.less	68 B	5/19/05, 7:00:00 PM
styles-l.less	68 B	5/19/05, 7:00:00 PM
styles-m.less	68 B	5/19/05, 7:00:00 PM

4. Implement the following questionnaire.

- You are only able to select one gender.
- Users should be able to upload a file when clicking 'Attach Files'.
- Political Persuasion (dropdown with options: Left Wing, Right Wing, Conservative)
- Education Level Completed (dropdown with options: University/College, High School, None)

Application for permission to date my daughter

Note: Form is to be completed at least 21 days prior to date

<p>Personal Details</p> <p>Name: <input type="text" value="Enter name here"/></p> <p>Address: <input type="text" value="Enter address here"/></p> <p>Email: <input type="text" value="Enter email here"/></p> <p>Phone Number: <input type="text" value="Enter 10 digit number"/></p> <p>IQ: <input type="text" value="Enter IQ here"/></p> <p>Gender</p> <p><input checked="" type="radio"/> Male</p> <p><input type="radio"/> Female</p> <p><input type="radio"/> Other</p> <p>Date of Proposed Outing: <input type="text" value="mm/dd/yyyy"/> <input type="button" value="📅"/></p>
<p>Check All That Apply</p> <p><input type="checkbox"/> I have tattoos and/or piercings</p> <p><input type="checkbox"/> I am more than 2 years older than my daughter</p> <p><input type="checkbox"/> I own a panel van or V8 ute</p> <p><input checked="" type="checkbox"/> I work full-time</p> <p><input checked="" type="checkbox"/> My parents are rich</p> <p><input checked="" type="checkbox"/> Is the date at a well lit public location</p>
<p>Political Persuasion: <input type="text" value="Left Wing"/> <input type="button" value="▼"/></p> <p>Education Level Completed: <input type="text" value="University"/> <input type="button" value="▼"/></p>
<p>Essay Section</p> <p>In 50 words or more explain why you want to date my daughter</p> <p><input type="text" value="Enter Text Here"/></p> <p>Please upload contact details for 2 references</p> <p><input type="text" value="Enter Text Here"/></p> <p>Upload Police Clearance Certificate, Bank Statement and Medical Certificates here: <input type="button" value="Attach Files"/></p>
<p><input type="button" value="Send your application"/></p>

5. W3 schools HTML Quiz

Finish the HTML Quiz from https://www.w3schools.com/html/html_quiz.asp. Please attach the screenshot of your results.
